#6	Pollution Prevention / Good Housekeeping	Tov	nship Road Master	Zach Zook	(717)249-4409				
	MCM #1 - PUBLIC EDUCATION AND O	UTR	EACH ON STORM V	WATER IMPACTS					
ВN	IP #1: Develop, implement and maintain a written Public	Educ	ation and Outreach Pr	ogram.					
1.	For new permittees only, has the written PEOP been devel	loped	and implemented within	the first year of pern	nit coverage?				
	☐ Yes ☐ No								
2.	Date of latest annual review of PEOP: 4/2022		Were updates made?	☐ Yes ⊠ No					
3.	What were the plans and goals for public education and ou	ıtreac	n for the reporting period	1?					
	The following goals were outlined in last year's report	as tar	gets for this 2021-2022 Achievement	2 reporting period:					
	Develop additional newsletter information and/or one		New flyer and newsle	etter articles were p	roduced.				
	piece of handout literature Refine routine (non-emergency) stormwater complain	nt The written plan was not updated. The staff was							
	receipt and response plan	immediately responsive to complaints received via both email and phone.							
	Make a public presentation at a regularly-scheduled Board of Supervisors meeting		Presentation completed Supervisors Meeting	ted at the 4/6/2022 E	Board of				
4		nortin	<u> </u>	. □ No					
4. 5.	3 ()			_					
5.	Identify specific plans and goals for public education and o A. Continue Newsletter articles	ulleat	or for the upcoming year	·					
	B. Provide one staff lunch-and-learn								
BN	IP #2: Develop and maintain lists of target audience gro	ups p	resent within the areas	s served by your MS	64.				
1.	For new permittees only, have the target audience lists coverage?	been	developed and implement	ented within the first	year of permit				
	☐ Yes ☐ No								
2.	Date of latest annual review of target audience lists: 4/2022	2	Were updates	s made?	⊠ No				
ВN	IP #3: Annually publish at least one educational item on	your	Stormwater Managem	ent Program.					
1.	For new permittees only, were stormwater educational and Internet within the first year of permit coverage?	d infor	mational items produced	d and published in pr	int and/or on the				
	☐ Yes ☐ No								
2.	Date of latest annual review of educational materials: 4/202	22	Were updates	s made?	⊠ No				
3.	Do you have a municipal website? Yes No (URL: https://middlesextwp.com/ms4/)								

If Yes, what MS4-related material does it contain?

- Link to the Pollutant Reduction Plan
- Questions and Answers about stormwater
- Links to PA DEP'S Submit an Environmental Complaint form
- Links to "When It Rains It Drains" Brochure

No changes were made to website during this reporting period

- 4. Describe any other method(s) used during the reporting period to provide information on stormwater to the public:
 - No other methods beyond the Board of Supervisors Meetings, Township newsletter articles, and the new flyer were completed this reporting period
- 5. Identify specific plans for the publication of stormwater materials for the upcoming year:
 - The Township will continue to provide newsletter articles relating to stormwater pollution prevention.

BMP #4: Distribute stormwater educational materials to the target audiences.

Identify the two additional methods of distributing stormwater educational materials during the previous reporting period (e.g., displays, posters, signs, pamphlets, booklets, brochures, radio, local cable TV, newspaper articles, other advertisements, bill stuffers, posters, presentations, conferences, meetings, fact sheets, giveaways, or storm drain stenciling).

- MS4-Stormwater is a standing Agenda item at the Board of Supervisors meetings.
- There was a public presentation at the Supervisors meeting on 4/6/2022; and
- The new "What you can do to clean stormwater" flyer is available in the Township business office lobby.

MCM #1 Comments:

Please see the following attachments that document MCM#1 activity for the reporting period:

- 1a-Newsletter Summer 2021 (Three Articles)
- 1b-Newsletter Fall 2021 (Three Articles)
- 1c-Newsletter Spring 2022 (One Article)
- 1d-Board of Supervisors MS4 Public Meeting (2022-04-06)
- 1e-MS4 Flyer: "What you can do to clean stormwater"

MCM #2 - PUBLIC INVOLVEMENT/PARTICIPATION BMP #1: Develop, implement and maintain a written Public Involvement and Participation Program (PIPP) 1. For new permittees only, was the PIPP developed and implemented within one year of permit coverage? ☐ Yes ☐ No 2. Date of latest annual review of PIPP: 4/2022 Were updates made? ☐ Yes ☒ No BMP #2: Advertise to the public and solicit public input on ordinances, SOPs, Pollutant Reduction Plans (PRPs) (if applicable) and TMDL Plans (if applicable), including modifications thereto, prior to adoption or submission to DEP: 1. Was an MS4-related ordinance, SOP, PRP or TMDL Plan developed during the reporting period? ☐ Yes ☒ No 2. If Yes, describe how you advertised the draft document(s) and how you provided opportunities for public review, input and feedback: If an ordinance, SOP or plan was developed or amended during the reporting period, provide the following information: **Date of Public Date of Public Date Enacted or** Ordinance / SOP / Plan Name Submitted to DEP **Notice** Hearing

	MP #3: Regularly solicit public involvement and partic stribution and outreach methods.	ipation from the target audience groups using available						
1.	At least one public meeting or other MS4 event must be held and feedback from target audience groups. Was this meeti	d during the 5-year permit coverage period to solicit participation ng or event held during the reporting period?						
		4/6/2022 (Plus there is a designated time in each Board of Supervisors meeting dedicated to MS4/Stormwater for public comment. See Attachment 2a)						
2.	Report instances of cooperation and participation in MS4 act conservation organizations; and similar instances of participations.	civities; presentations the permittee made to local watershed and eation or coordination with organizations in the community.						
	The Township advertised (sponsored) and participated in the Penn State Extension's Master Watershed Steward Program 9/11/2021 at the Letort Falls Park.							
3.	Report activities in which members of the public assisted of SWMP, including education activities or efforts such as clear	or participated in the meetings and in the implementation of the anups, monitoring, storm drain stenciling, or others.						
pa Pr Cr	The public is given opportunity to provide comment, complaints and suggestions relating to stormwater and MS4 as part of the regularly scheduled Board of Supervisors meeting. The Penn State Extension's Master Watershed Steward Program allowed the participating residents to identify and study the macroinvertebrates that live in the Conodoguinet Creek. Macroinvertebrates are an excellent indicator of the stream health, and stream health is the ultimate purpose of MS4.

	MCM #3 – ILLICIT DISCHARGE DET	ECTION AND ELIMINATION (IDD&E)						
	MP #1: Develop and implement a written program for the to the regulated small MS4.	e detection, elimination, and prevention of illicit discharges						
1.	For new permittees only, was the written IDD&E program	developed within one year of permit coverage?						
	☐ Yes ☐ No							
2.	Date of latest annual review of IDD&E program: 11/2021	Were updates made? ☐ Yes ☒ No						
and		and urbanized area boundaries, the location of all outfalls d names of all surface waters that receive discharges from mbered on the map(s).						
1.	Have you completed a map(s) that includes all components	of BMP #2? ⊠ Yes □ No						
	If Yes and you are a new permittee and have not submitted	the map(s) previously, attach the map(s) to this report.						
	If No, date by which permittee expects map(s) to be comple	eted:						
2.	Date of last update or revision to map(s): 6/2022							
3.	Total No. of Outfalls in MS4: 42 Total	No. of Outfalls Mapped: 83						
4.	Total No. of Observation Points: 32 Total	No. of Observation Points Mapped: 32						
5.	During the reporting period, have you identified any existin NOI, application or annual report, or are any new MS4 outfa	ng outfalls that have not been previously reported to DEP in an alls proposed for the next reporting period?						

per jur and col	MP #3: In conjunction with the map(s) created under BMP #2 (either on the same map or on a different rmittee shall develop and maintain map(s) that show the entire storm sewer collection system within the isdiction that are owned or operated by the permittee (including roads, inlets, piping, swales, catch basins d any other components of the storm sewer collection system), including privately-owned componellection system where conveyances or BMPs on private property receive stormwater flows from upstreamed components.	permittee's s, channels, ents of the
1.	Have you completed a map(s) that includes all components of BMP #3? ☐ Yes ☐ No	
	If Yes and you are a new permittee and have not submitted the map(s) previously, attach the map(s) to this rep	ort.
	If No, date by which permittee expects map(s) to be completed:	
2.	If Yes to #1, is the map(s) on the same map(s) as for outfalls and receiving waters? ☐ Yes ☐ No	
3.	Date of last update or revision to map(s): 6/2022	
dis illic or nec	MP #4: Conduct dry weather screenings of MS4 outfalls to evaluate the presence of illicit discharges. It is charges are present, the permittee shall identify the source(s) and take appropriate actions to remove or cit discharges. The permittee shall also respond to reports received from the public or other agencies of confirmed illicit discharges associated with the storm sewer system, as well as take enforcement cessary. The permittee shall immediately report to DEP illicit discharges that would endanger users of the discharge, or would otherwise result in pollution or create a danger of pollution or would damage	correct any f suspected t action as lownstream
twi obs are	r new permittees, all identified outfalls (and if applicable observation points) must be screened during dry weat ce within the 5-year period following permit coverage. For existing permittees, all identified outfalls (and isservation points) must be screen during dry weather at least once within the 5-year period following permit cover eas where past problems have been reported or known sources of dry weather flows occur on a continual basis, of screened annually during each year of permit coverage.	f applicable age and, for
1.	How many unique outfalls (and if applicable observation points) were screened during the reporting period?	83
2.	Indicate the percentage of all outfalls screened in the past five years.	100%
3.	Indicate the percent of outfalls screened during the reporting period that revealed dry weather flows:	13%
4.	Did any dry weather flows reveal color, turbidity, sheen, odor, floating or submerged solids? Yes No	
5.	If Yes for #4, attach all sample results to this report with a map identifying the sample location. Explain the correct taken in the attachment. No illicit discharges were identified. Fluid discharges were water. No corrective action was require	, ,
_	·	eu .
6.	Do you use the MS4 Outfall Field Screening Report form (3800-FM-BCW0521) provided in the permit? ☐ Yes ☐ No	
	If No, attach a copy of your screening report form.	
	IP #5: Enact a Stormwater Management Ordinance or SOP to implement and enforce a stormwater mogram that includes prohibition of non-stormwater discharges to the regulated small MS4.	anagement
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that prohibits nor discharges? ⊠ Yes □ No	-stormwater
	If Yes, indicate the date of the ordinance or SOP: Middlesex Township Stormwater Ordinance (Ord. No. 6-	2011)
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance BCW0100j) with respect to authorized non-stormwater discharges? ☐ Yes ☐ No	e (3800-PM-
	If Yes to #2 and the ordinance or SOP has not been submitted to DEP previously, attach the ordinance or SOP	

_	10/	and the form of the soull assess as OOD do		D V. D N.					
3.	were there a	ny violations of the ordinance or SOP du	ring the reporting period?	☐ Yes ☒ No					
	If Yes to #3, c	omplete the table below (attach additional	sheets as necessary).						
Vi	olation Date	Nature of Violation	Responsible Party	Enforcement Taken					
4.		ve any waiver or variance during the repor an ordinance or SOP?	ting period that allowed an	exception to non-stormwater discharge					
	If Yes to #4, ic	lentify the entity that received the waiver or	r variance and the type of r	non-stormwater discharge approved.					
		educational outreach to public employ delected officials (i.e., target audiences							
1.	Was IDD&E-reperiod? ⊠ Y	elated information distributed to public em les $\ \square$ No	nployees, businesses, and	the general public during the reporting					
	If Yes, what was distributed? Maintenance employees accompanied consultant inspectors performing dry-weather screenings and received in-the-field training on inspecting outfalls and field testing discovered flows. A new flyer, "What you can do to clean stormwater" informs the public what discharge is illicit and how they can prevent pollution.								
2.	. Is there a well-publicized method for employees, businesses and the public to report stormwater pollution incidents? ☑ Yes □ No								
3.	Do you mainta	ain documentation of all responses, action	taken, and the time require	d to take action? ⊠ Yes ☐ No					
MC	M #3 Commer	nts:							
	Middlesov concentrated on MCM3 this reporting period								

Middlesex concentrated on MCM3 this reporting period.

The MS4 Coordinator continued to follow up on reports of potential illicit discharges (PID). Two reports were received. One PID was at the Carlisle Sports Emporium where biologically safe dye is introduced into the water to prevent algae growth. The water is in a closed circulation system; It is not discharged to the stormwater system. It was determined there was no illicit discharge. The other report was automotive fluid discharge into a stormwater inlet at Sheetz convenience store. The discharge was determined to be illicit; it was reported to DEP. Fines were applied and environmental cleanup was performed.

Outfall dry-weather screening was performed on the Township's 83 outfalls. Eleven outfalls had dry-weather flows. The discharges were tested and determined to be water, not illicit discharges.

The Township also expanded storm sewer system mapping. Errors and duplicate records in the original mapping and underlying data were corrected, and recorded land development plans were used as the basis to add inlets, pipes, swales, and basins. The Township map revisions compared to the original map are recorded in table below.

MS4 Map Updates

Stormwater Feature	2017	2022	Change
Inlets	409	1267	858
Pipe Discharges	225	351	126
Stormwater Pipe	4.3 Miles	24.4 Miles	20.1
Swales	14.1 Miles	12.3 Miles	-1.8
Outfalls	64	83	19
Stormwater Basins	Not captured	77	77

Please see the following attachments that document the MCM#3 activities for the reporting period:

- 3a-Potential Illicit Discharge-Carlisle Sports Emporium (2021-08-05)
- 3b-Illicit Discharge Sheetz (2021-08-16)
- 3c-Middlesex Outfall Screenings 2021
- 3d-MS4 Maps (200 scale)

MCM #4 – CONSTRUCTION SITE STORMWATER RUNOFF CONTROL
Are you relying on PA's statewide program for stormwater associated with construction activities to satisfy this MCM?
(If Yes, respond to questions for BMP Nos. 1, 2 and 3 only in this section. If No, respond to questions for all BMPs in this section)
BMP #1: The permittee may not issue a building or other permit or final approval to those proposing or conducting earth disturbance activities requiring an NPDES permit unless the party proposing the earth disturbance has valid NPDES Permit coverage (i.e., not expired) under 25 Pa. Code Chapter 102.
During the reporting period, did you comply with 25 Pa. Code § 102.43 (relating to withholding building or other permits or approvals until DEP or a county conservation district (CCD) has approved NPDES permit coverage)?
☑ Yes ☐ No ☐ Not Applicable (no building permit applications received)
BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?
☑ Yes ☐ No ☐ Not Applicable (no building permit applications received)
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ⊠ Yes ☐ No
If Yes, indicate the date of the ordinance or SOP: Middlesex Township Stormwater Ordinance (Ord. No. 6-2011)
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☑ Yes ☐ No
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.
Specify the number of E&S Plans you reviewed during the reporting period: (N/A- Statewide Program)
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.
Specify the number of E&S inspections you completed during the reporting period: (N/A- Statewide Program)
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.

Specify the number of enforcement actions you took during the reporting period for improper E&S:

(N/A- Statewide Program)

tha	IP #7: Develop and implement requirements for construction site operators to control waste at construction sites t may cause adverse impacts to water quality. The permittee shall provide education on these requirements to astruction site operators.
Spe	ecify the method(s) by which you are educating construction site operators on controlling waste at construction sites:
(N/	A- Statewide Program)
	IP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and ormation submitted by the public to the permittee regarding local construction activities.
1.	A tracking system has been established for receipt of public inquiries and complaints. Yes No
2.	Specify the number of inquiries and complaints received during the reporting period: (N/A- Statewide Program)
МС	M #4 Comments:
Me	S enforcement relies on Cumberland County Conservation District and coordinate with them. The morandum of Understanding was submitted with the Permit application and is still valid. Therefore, no swers were provided for BMP#4 through BMP#8.
Ple	ease see the following attachments that document the MCM#4 activities for the reporting period:
	 4a-Middlesex Township Building Permit Report 7-1-2021 to 6-30-2022 4b-Middlesex Township Municipal Notice to Conservation District for Earth Disturbance (Burger King) 4c-Township Engineer's Summary of Construction Stormwater Inspections
MC	M #5 – POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT
ВM	
	IP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from w development and redevelopment projects, including sanctions for non-compliance.
nev	w development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and
ne\	w development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? Yes No

Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? ☑ Yes ☐ No If Yes, indicate the date of the ordinance or SOP: 2011:Middlesex Township Stormwater Ordinance (Ord. No. 6-2011) If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance
1. 2. 3. BM dev dev	w development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? ☑ Yes ☐ No If Yes, indicate the date of the ordinance or SOP: 2011:Middlesex Township Stormwater Ordinance (Ord. No. 6-2011) If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☑ Yes ☐ No
1. 2. 3. BM dev dev	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? Yes No If Yes, indicate the date of the ordinance or SOP: 2011:Middlesex Township Stormwater Ordinance (Ord. No. 6-2011) If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? Yes No If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
1. 2. 3. BM dev dev pra	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? Yes No If Yes, indicate the date of the ordinance or SOP: 2011:Middlesex Township Stormwater Ordinance (Ord. No. 6-2011) If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? Yes No If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. IP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new velopment and redevelopment. Measures should also be included to encourage retrofitting LID into existing velopment. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID incitices. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use
1. 2. 3. BM dev dev pra	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? Yes No If Yes, indicate the date of the ordinance or SOP: 2011:Middlesex Township Stormwater Ordinance (Ord. No. 6-2011) If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? Yes No If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. IP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new relopment and redevelopment. Measures should also be included to encourage retrofitting LID into existing relopment. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID incides. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? Yes No

de	BMP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at development or redevelopment projects that disturb greater than or equal to one acre, including projects less than one acre that are part of a larger common plan of development or sale.							
1.	Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003? Yes No							
	If Yes to #1, complete Table 1 on the next page.							
2.	Has proper O&M occurred during the reporting period for all PCSM BMPs? ☐ Yes ☐ No							
3.	If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M.							
	you are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, nerwise complete all questions for BMPs #4 - #6 in this section. Middlesex Township relies on PA's statewide program.							
the	BMP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to the local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff conditions. (Skipped because Middlesex relies on PA's statewide program)							
1.	Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale):							
2.	Has a tracking system been established and maintained to record qualifying projects and their associated BMPs?							
	☐ Yes ☐ No							

PCSM BMP INVENTORY

Table 1. To complete the information needed for MCM #5, BMP #3, list all <u>existing structural BMPs</u> that discharge stormwater to the permittee's MS4 that were installed to satisfy PCSM requirements for earth disturbance activities under Chapter 102, and provide the requested information (see instructions).

ins ins be	BMP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittee shall inspect all qualifying development or redevelopment projects during the construction phase to ensure proper installation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall be implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were not, installed properly). (Skipped because Middlesex relies on PA's statewide program)									
1.	During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs?									
	☐ Yes ☐ No ☐ Not Applicable (no qualifying projects during reporting period)									
2.	Has a tracking system been established and maintained to record results of inspections?									
	☐ Yes ☐ No									
	IP #6: Develop a written procedure that describes how the permittee shall address all required components of this CM.									
pla	ve you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in ns for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) plementation of an inspection program to ensure that BMPs are properly installed? \boxtimes Yes \square No									
MC	CM #5 Comments:									
fro sta co Sto En	w and redevelopment projects are subject to the Stormwater Management Ordinance via cross reference on the Subdivision and Land Development Ordinance. The Stormwater Ordinance establishes guidelines and andards. To date compliance inspections have been performed by the Township Engineer(consultant). The insultant review letters serve as documentation of deficiencies, enforcement and corrective action required. Or insultants inspected by the Township Engineer were functional during this reporting period. The gineer's summary is attached to this report.									
	5a-Township Engineer's Report on PCSM Functionality									
	MCM #6 - POLLUTION PREVENTION / GOOD HOUSEKEEPING									
ge	IP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for nerating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the rmittee.									
1.	Have you identified all facilities and activities owned and operated by the permitee that have the potential to generate stormwater runoff into the MS4? \boxtimes Yes \square No									
2.	When was the inventory last reviewed? 6/2022									
3.	When was it last updated? Update was not required									
dis	IP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the acharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or inveyance systems within the regulated MS4.									
1.	Have you developed a written O&M program for the operations identified in BMP #1? ☐ Yes ☐ No									
2.	Date of last review or update to written O&M program: 6/30/2022 (reviewed; no update required)									
pre	IP #3: Develop and implement an employee training program that addresses appropriate topics to further the goal of eventing or reducing the discharge of pollutants from operations to the regulated small MS4. All relevant employees d contractors shall receive training.									
1.	Have you developed an employee training program? ☐ Yes ☐ No									
2.	Date of last review or update to training program: 6/30/2022 Date of latest training: 1/25/2022									

Anr	nual MS4 Status Report								
3.	Training topics covered:								
	Pesticide license training and in-the-field training for dry-weather outfall screenings and use of the outfall inspection data collection tool.								
4.	Name(s) of training presenter(s):								
	Pesticide trainings were online webinars with provided by the Township MS4 consultant, Skell Auger, and Nate Beck)								
5.	Names of training attendees:								
	Scott Shepler Chad Davis Kevin Sheriff Merle McCoy Scott Werner Dee Geistwhite Zachary Zook

3. Date Final Report Demonstrating Achievement of Pollutant Load Reductions Due: September 30, 2024 4. Have any modifications to the plan(s) occurred since DEP approval?									

5. Summary of progress achieved during reporting period.

Construction of the roadside open vegetated channels was continued. Project 6 was reported last year because it was substantially complete near the end of that reporting period. Project 6 is not repeated in the project summary table if this report. Final construction of the swales listed in the PRP as Project 6 were finished at the end of July 2021. Repairs were made to Project 6 in August 2021 following an intense rain event. Pictures of the repair in progress are provided in Attachment 7b.

Project 3 was completed this reporting period. Project 3 is also a series of open vegetated channels along Wolf's Bridge Road. See Attachment 7b.

The design of Project 8, the stream restoration project at north west of the intersection of Wolf's Bridge Road and West Middlesex Road was completed and submitted to PA DEP and the Army Corps of Engineers for approval. See Attachment 7a for the completed project plans.

The design of Project 7, the rain garden at Anderson Park was initiated

6. Anticipated activities for next reporting period.

Construction of open vegetated channel Projects 1, 2, and 4, and rain garden Project 7 are scheduled for construction.

Please note that the construction schedule of Project 8, the stream restoration project, is subject to the timing of receipt of permit approval. The Township is uncertain if the construction of all projects will be complete prior to the end of the Township's current permit term.

PRP/TMDL Plan Comments:

Middlesex Township continued to make progress on construction of the PRP projects as reported above.

Please see the following attachments that document the PRP activity for the reporting period.

- 7a-Middlesex PRP Project 8 UNT Wertz Run Stream Restoration (2021-12-03)
- 7b-Middlesex PRP BMP Construction Photo Log

CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
